ACUMEN

TRAINING

Supporting Enterprising Leadership

ACUMEN TRAINING

The name in English means the ability to make good judgements and take quick decisions.

The word has different meaning in Polish - the moment, where two different ways of thinking meet leading to new solution.

ACUMEN TRAINING

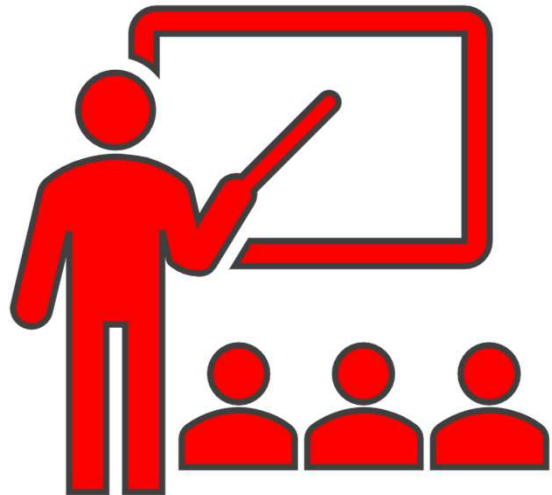

Acumen Training is a private limited company based in Rzeszow, Poland.

Our aim is to support managing on the labour market and setting up own business.

BACKGROUND

- The company offers training and consulting, develops audiovisual learning materials, carries out research, designs and produces learning content.
- Our team is experienced in graphic design (creating logos and branding) and development of audiovisual materials (used in e-Learning and Flipped Learning).
- It has extensive experience in dissemination and promotion of projects. The company is based in Rzeszow, capital of Subcarpathian province in southern Poland.

STAFF

- The staff members of Acumen Training are advanced in project management, administration, dissemination, evaluation and monitoring.
- The company has large network of contacts on local and regional level, cooperating with training companies, associations, business environments institutions and specialists in the area of labour market and entrepreneurship.

PLAN FOR DEVELOPMENT

- Acumen Training develops training courses supporting entrepreneurship and managing on labour market and offers career counselling (some activities funded by ESF on national level).
- It is recently involved in 10 Erasmus+ cooperation partnerships (Adult Education, VET and Youth training).
