THE END OF AN ERA!

FINAL TPM AND CONFERENCE

»»» VIENNA, AUSTRIA

Our project partners convened one last time at the **Skills4Life** Final Transnational Partner Meeting and Conference. Hosted by our amazing coordinators at Moveo International, this event offered an opportunity to disseminate our work to a large audience and mark the successful completion of a project two years in the making.

SO IT'S ALL OVER? «««

Don't worry! Just because the Final Conference has happened, doesn't mean the **Skills4Life** partnership is done working on this important topic just yet. At the outset of this project, we developed a long-term **sustainability** and **exploitation** plan which will now come into effect, allowing us to continue to promote **Skills4Life** for years to come.
